Future Model & Actor

Milk Studios was absolutely the best most inspiring place I've been to in a really long time.

Meeting Christian Pezuela, Milk's Production Assistant Manager, made me realize I could make it to the top like he did. Even if I have a rough start, which I know I will, I'll keep going and keep trying because I believe that I could do it. I believe I could become a successful person due to what I've seen and the people I've talked to.

Throughout the whole Milk Building, there were photo shoots of top brands like Nike, Adidas, Puma, Kids Gap, Gucci, and many more! While we were at Milk, we heard Rihanna was in a photo shoot.

Milk Studios gave us these great bags & souvenirs!

The Milk Studios Gallery was the best!

It's amazing to hear stories of how people became models for these brands. I really think it's possible for a person like me, Jose, Alexis, and Isobel. We have the power to work together and help each other out with whatever they need help with.

Without Marianne, none of this would be possible. She taught me how to be more responsible and how to get business done like a professional, because she is a professional. I'm one of the lucky few that get to work with her. I'm also very proud of myself for trying to become a successful person at such a young age. Being at Milk Studios, I think opened a great huge door for my success and the people around me, and I can't wait to work my way to the top!
